A "D" variance application that includes a proposed Site Plan or Subdivision may be submitted together. Alternately, you may choose to "bifurcate", with the "D" variance to be decided first, before submitting the site plan/subdivision application.

If a Site Plan or Subdivision application is being submitted at the same time, a Technical Review Committee meeting must be scheduled to determine completeness before a formal hearing by the Zoning Board of Adjustment can be scheduled. Call the Board Secretary to schedule at **973-410-5301**.

Initial submission for the TRC must include 6 sets of application and plans, plus all fees.

Many site plan applications also require a separate meeting with the Fire Service Review Committee for a review of the application specific to fire department needs and requirements prior to a formal hearing by the Zoning Board of Adjustment. For more information, call the Board Secretary at **973-410-5301**.
