DECKS & PATIOS

Dear Applicant,

Please note that all permit applications for decks and patios require the following:

Zoning Permit Application completed and signed with one original sealed copy of the survey (to scale, less than 10 years old) and 3 copies of that survey depicting the location of the proposed deck / patio including setbacks.

Construction Permit Application folder completed and signed.

Building Subcode Technical Section completed and signed. (DECKS only)

Three (3) sets of detailed drawings reflecting both a side view and a top view of the proposed deck construction.

(PLEASE NOTE: If decks plans are not prepared by licensed architect, the homeowner **must** sign the plans and Check Item B and sign on the inside of the Construction Permit folder)

Copy of Home Improvement Contractors License.

PATIOS may also require a Surface Grading Application (See Sec. 250-7.1) with three (3) copies of the survey (to scale) reflecting location of the patio and detailing surface water management.

ZONING APPLICATION Control # _____ Date Submitted _____

NOTE: The complete Florham Park Zoning Code can be found at WWW.ECODE.COM

¹ In residence zones R-15, R-25 and R-44, the minimum lot width specified above shall be increased by 25 FT in the case of corner lots

² An office building may be erected to no more than 50 feet in height upon the condition that for each five-foot increase above 35, there shall be an additional three feet of front yard setback

³ in the PB Zone, no building shall have more than two stories.

⁴ in the PB -2 Zone, the maximum building coverage shall be 10% for two-story buildings.

⁵ All lots having frontage on and along both sides of Vreeland Road and Fernwood Road shall have a front yard setback of 100 feet.

⁶ See Borough Ord. No 6-99A.

⁷ The maximum front yard setback shall be within 10 feet of the average front yard setback of all lots or portions of lots within 200 feet of the subject property on the same side of the block. To the extent that this provision conflicts with the minimum front yard setback, the minimum front yard setback requirements shall prevail. For the purposes of this regulation, the front yard setback shall be measured to the façade of the structure that contains the principal entrance or front door to the dwelling

⁹ Per Ord. No 18-2, Section 5-250-14Amended: Sheds less than 100SF do NOT count towards the Building Coverage. However, they DO count towards Total Improved Lot Coverage.

¹⁰ Per Ord. 17-05 All other references to accessory Bldg. height is repealed.

¹¹ See Sec. 250-140 for additional provisions ¹² See Sec. 250-144 for additional provisions

¹³ See Sec. 250-148 for additional provisions

Kevin Guilfoyle, Construction Official
KGuilfoyle@FPboro.net or 973-410-5352

The Construction Department operates weekdays from 9:00 am until 4:30 pm.
Janet Doherty (JDoherty@FPBoro.net) is the Technical Assistant to the Construction Official
and Florham Park Zoning Official.

Permit applications accepted daily from 9:00 am until 1:30 pm and from 3:00 until 4:00 pm

Inspection requests require the following information:

- 1) Permit number
- 2) Type of inspection requested (Building, Electrical, Fire, Plumbing)
- 3) Day of the requested inspection.
- 4) Telephone number for contact purposes if your request cannot be accommodated.

Minimum of 24 hour notice for all inspection requests, ALL TIMES ARE APPROXIMATE:

Building inspections are Monday thru Thursday 9 am to 4 pm

Fire inspections are Tuesday 8-12 Thursday 12-5 pm

Electrical inspections are Monday thru Friday, 11:00 am to 3 pm.

Plumbing inspections are Monday thru Friday, 12:00 pm to 4 pm.

Please be aware that due to the volume of Construction jobs, we cannot give exact times for these inspections.

Contractors MUST INSTALL 6 ft chain link fence, per Ordinance NO. 13-15 around perimeter of excavation site prior to scheduling inspection. NO FENCE, NO INSPECTION.

Required inspections pursuant to N.J.A.C. 5:23-2.18 for all new buildings, additions, renovations, alterations:

- 1) Footing inspection-bottom of the trench PRIOR to pouring of concrete
- 2) Foundation inspection PRIOR to the placement of backfill.
 - 2 a) Foundation Location Survey REQUIRED for new construction
- 3) Electrical rough wiring
- 4) Plumbing rough installations
- 5) Slab inspection PRIOR to placement of concrete
- 6) Framing inspections AFTER rough electric/plumbing passed-PRIOR to insulation
- 7) Insulation inspection PRIOR to sheetrock
- 8) Final electric, final plumbing, final fire inspections
- 9) Final building inspections
- 10) No Certificates of Occupancy shall be issued PRIOR to submittal & Approval of Final As Built Survey and final surface grading inspection approvals by town Engineer Assistant, James DePalma (973-410-5334) & Morris County Soil District, Sheila Hall (973-285-2953).

Failure to comply with the above required inspections as indicated in N.J.A.C. 5:23-2.18 will result in administrative penalties of not more than \$500.00 as permitted in N.J.A.C. 5:23-2.31b

EXCERPT FROM ORDINANCE # 08-41

SURFACE GRADING PERMIT REQUIREMENTS FOR ALL RESIDENTIAL ZONES

In order to protect against adverse consequences from surface water runoff, a Surface Grading Plan is required for any proposed residential lot improvements that includes land disturbance, excavation, placement of fill, or changes to the existing surface grades. The Surface Grading Permit shall be considered a "prior approval" under the Uniform Construction Code, and no construction permit shall be issued unless the Applicant has obtained a Surface Grading Permit. The Surface Grading Plan shall be prepared by a Professional Engineer and/or Architect licensed in the State of N.J. unless land disturbance is less than one thousand (1000) sq. ft., and land disturbance for the purpose of constructing a building addition to an existing residential dwelling is less than 600 sq.ft., then the plan may be prepared and submitted by a homeowner, provided sufficient technical information is included. In addition to the conditions listed above, any Surface Grading Plan that proposes land disturbance greater than 5,000 sq.ft. shall be submitted with an approved Soil Erosion and Control Plan issued and approved by the Morris County Soil Conservation District. Any Surface Grading Plan proposing construction of a new residential dwelling shall be submitted with an approved Soil Erosion and Control Plan or a Letter of Exemption from the Morris County Soil Conservation District. Every application for a building permit involving excavation or change in grades for a single-family dwelling shall be accompanied by a Surface Grading Plan which has been submitted to and approved by the Engineering Department.

Three copies of a signed Surface Grading Application and Plan shall be submitted. For Surface Grading Plan requirements, please go to www.florhamparkboro.net, click "Borough Code" Tab, and open Chapter 250-7.1.

Surface grading permit fee.

(a) A fee of \$400 shall be imposed for each permit for any proposed land disturbance of greater than 1,000 square feet and any proposed land disturbance for the purpose of constructing a building addition to an existing residential dwelling greater than 600 square feet; otherwise, a fee of \$150 shall be imposed for smaller projects.

(b) The fee shall cover the cost of a preliminary site visit, review of initial submission and one revision, issuance of surface grading plan approval, two random site inspections in addition to required inspections, and final approval of surface grading prior to issuance of a certificate of occupancy, temporary certificate of occupancy, or the release of any performance guarantee that may have been posted for incomplete site work.

(c) An additional fee of \$50 for each review of plans with substantial revisions and each additional inspection other than those noted above shall be charged to the applicant. Fees shall be paid prior to issuance of a certificate of occupancy or a temporary certificate of occupancy.

Liability of applicant.

The applicant is responsible for the prevention of damage to other properties, and personal injury, which may result from the activity requiring the surface grading permit.

Violations.

(a) Any person who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure, or land in violation of the requirements of this chapter or an approved surface grading permit shall, upon conviction thereof by any court authorized by law to hear and determine the matter, be liable for a fine of not less than \$400 nor more than \$2,000 or to imprisonment for a term of not more than 90 days, or both, as such court in its discretion may impose. Each day during or on which a violation occurs or continues shall be deemed a separate offense.

(b) If a certificate of occupancy or temporary certificate of occupancy is issued for a property prior to full compliance with a surface grading permit, and full compliance is not effected by a date set forth by the Borough Engineer, then continued occupancy of such property after such date shall constitute a use of such property in violation of this section.

NOTE: PLEASE BE ADVISED THAT AN INSPECTION OF THE SURFACE GRADING MUST BE MADE BY THE ENGINEERING DEPARTMENT PRIOR TO ISSUANCE OF AN OCCUPANCY PERMIT. THE BUILDING DEPARTMENT SHALL BE NOTIFIED OF APPROVAL OF THE FINAL SURFACE GRADING BY THE ENGINEERING DEPARTMENT PRIOR TO THE ISSUANCE OF AN OCCUPANCY PERMIT. REQUEST FOR FINAL INSPECTION MUST BE MADE AT LEAST 24 HOURS IN ADVANCE.

DRAWING #1

DRAWING #2

What must be recycled?

At a minimum, one must source separate and recycle all of the following mandated materials at a construction site:

- Aluminum cans
- Glass bottles & jars
- Plastic bottles coded - PETE HDPE
- Steel (tin) cans
- Corrugated cardboard
- Mixed paper (junk mail, office paper, magazines)
- Newspaper
- Leaves
- Grass clippings
- Brush
- Natural wood waste (logs, stumps, branches)
- Used motor oil
- Batteries (rechargeable & lead-acid)
- Metal appliances
- Whole Tires
- Oil-contaminated soil
- E-Waste (TVs, computers, monitors)

Review this information with every crew member at safety meetings/toolbox talks. At all construction and renovation projects, whether or not they are LEED certified, the materials listed above must be kept separate from garbage in order to be recycled.

Annual written documentation regarding the total number of tons recycled at the construction site must be reported to the municipal recycling coordinator (MRC). See list of MRCs at: www.MCMUA.com.

Materials used as landfill cover, aggregate substitute, fuel substitute or fill are designated as "Beneficial Use." By law, "Beneficial Use" does not constitute recycling.

Construction & Demolition Waste Waste Type 13C

While construction and demolition debris (waste type 13C) is not mandated to be recycled in Morris County's Solid Waste Management Plan and can be disposed of at the MCMUA transfer stations, much of it is potentially recyclable and many recycling facilities accept and recycle it.

To be compliant with Morris County waste flow control requirements these recyclable materials must be separated from other garbage on site prior to being transported to a recycling facility. In addition, the remaining garbage must be disposed of at the MCMUA transfer stations

The MCMUA has not entered into any agreements with any materials recovery facilities allowing them to assume responsibility for the waste generator's obligation of separating recyclables from garbage.

Sending mixed recyclables and garbage to a processing facility to have recyclables separated from the garbage for builders and contractors is likely to violate laws and regulations related to source separation recycling and waste flow control mandates.

Please recycle properly to avoid being non-compliant.

For more information about Morris County's Solid Waste Management Plan, recycling requirements, mandated recyclable materials, waste flow regulations, solid waste facilities, single-stream recycling, municipal recycling coordinator contacts, municipal recycling ordinances, etc., please visit the MCMUA's Website: www.MCMUA.com
