

Attendees participating during the public portion of the meeting

During public comment parts of the meeting, if you would like to speak, please click the "Raise Hand" button, and we will be notified of your request to talk. We will recognize you, and your microphone will be un-muted to allow you to speak. Once you have completed speaking your mic will be re-muted.

On computers, the "Raise Hand" button can be found in the Webinar Controls section, typically at the bottom of your screen. If you raise your hand on accident, feel free to "Lower Hand."

On a mobile device the "Raise Hand" and "Lower Hand" buttons are typically found in the lower left corner of the screen

If you are only joining by dialing in, you can simply dial \*9 and toggle between "Raise Hand" and "Lower Hand"
